Theatre Agency Accused in Federal Court of Third and Fourth Offense.

The Leo Newman Theatre Ticket Agency at No. 1432 Broadway was charged before Federal District Judge John C. Knox to-day with third and fourth offenses for the alleged sale of theatre tickets not stamped with the prices at which they were sold.

Abraham Jailer, who runs the National Theatre Ticket Company at No. 1432 Broadway, was charged as a second offender on the same count. Against him also was lodged a charge that he failed to stamp the agency name on tickets. Assistant Federal Attorney John Fine said Newman on Jan. 24 sold four \$2.50 tickets at \$10 each, and on March 2 sold to Jailer two \$2.50 tickets at

\$4.95 each. Newman was fined \$75 on a similar charge about two weeks ago. Counsel for both men pleaded not guilty and were given a week in which to change their pleas.

Judge Knox granted an application for a bill of particulars in the ticket speculation case started a fortnight ago against the Tyson Company of No. 1432 Broadway, which has branch offices in eighteen leading hotels.

Finkelstein & Maisel, Wholesale Clothing Makers, Announce  
That They Will Continue Selling Direct to the Public.

**News Note:** Finkelstein & Maisel, wholesale manufacturers of men's and young men's fine clothing, of 810 Broadway, New York, whose public statements relative to threats made against them by certain retail clothing store interests for selling direct to the public have attracted wide attention, announce their entire spring line of suits and top coats will be sold to the public on the same wholesale price basis charged their retail store trade.

In reaffirming the facts given in the above item, namely, that we will continue selling at wholesale to the public direct, on the same small margin of profit we heretofore charged the retail store trade, we wish to call special attention to the class of goods we manufacture.

We use only the best kind of woolsens and trimmings. When we say "best" we mean absolutely the best—100 per cent. virgin woolsens—the finest we can obtain from the American Woolen, Etna, French-Rivers, Thomas H. Wilson and Wandskuck mills.

And every spring suit or top coat we offer is guaranteed to fit and give the limit of satisfaction. If it doesn't, or you feel that we have not offered you the best value obtainable anywhere in New York, return your purchase and we will refund your money instantly and without argument.

THEY wouldn't like White Rose Coffee in Maine. It's too full-flavored—too well-roasted for the Maine taste—but it suits New York's taste exactly.

New York is a coffee drinking city. Where you find a people generally liking a certain food or drink—there will you find that food or drink at its best.

**CHEAP CALCIUM for BONES**

"OF all foodstuffs milk is the cheapest and most abundant source of calcium, and milk also provides other important mineral salts, such as potassium and phosphorus. Therefore since growth is measured by bone formation and since a child must have a steady abundant supply of these essential minerals, milk should be included in every child's diet."

This is a statement from Dr. Dorothy Reed Mendenhall. Growth is measured by bone formation. Bone development depends largely on calcium supply. Milk is the cheapest and best source for calcium. See that the children have plenty of Sheffield milk.

The old-time crumb scraper you are using roughens the satiny finish of your table linen and wears it out long before its time.

A table sweeper which is a comparatively new device, is much more efficient and kinder to your linen. It looks and operates like a tiny carpet sweeper, removing the crumbs by means of a washable revolving brush concealed in a silver case. Some particularly attractive ones of silver plate are ornamented with colored enamel and have handles of white enamel. Others are of simple Colonial design with ebony handles. 6.00 and 6.75 are their respective prices. In nickel silver they cost but 3.50. What a splendid gift one would make for the Easter bride!
